Safety Assessment Program Evaluator And Coordinator Training

Jan. 26, 2015 8:30 AM - 3:30 PM

Location: Sebastopol Fire Department 7425 Bodega Av. Sebastopol

Become a California Governor's Office of Emergency Services (Cal OES) Safety Assessment Program Coordinator

WHO BENIFITS: Building Officials, Building Inspectors, Plans Examiners, Fire Prevention Officers, Architects, Engineers and Geologists.

The Safety Assessment Program (SAP) utilizes volunteers and mutual aid resources to provide professional engineers and architects and certified building inspectors to assist local governments in safety evaluation of their built environment in the aftermath of a disaster. The program is managed by Cal OES, with cooperation from professional organizations. SAP produces two resources: SAP Evaluators, described above, and SAP Coordinators, which are local government representatives that coordinate the program. Cal OES issues registration ID cards to all SAP Evaluators that have successfully completed the program requirements.

Persons without certification, license or registration may participate in the program; however, they will only be used as assistants to SAP Evaluators until such time as they meet the criteria above. These assistants will be expected to complete the same training as the SAP Evaluators.

The current student manuals are available at the CAL OES website listed below:

<http://www.caloes.ca.gov/cal-oes-divisions/recovery/disaster-mitigation-technical-support/technical-assistance/safety-assessment-program>

SAP June 2016 Evaluator Student Manual and SAP Manual June 2016 Coordinator Manual
