

Back to Basics Workshop

(Connectors, Fasteners, Anchor & Lateral Systems Review)

Date: Tuesday, March 7, 2017

Location: North Coast Builders Exchange
Training Room
1030 Apollo Way
Santa Rosa, CA 95407

Time: 7:30am - 8:00am Registration
8:00am - 4:00pm Workshop

Complimentary breakfast & lunch provided

Workshop Description

This free workshop is focused on providing practical and relevant information pertaining to proper connections and uses of Simpson Strong-Tie products for continuous load path.

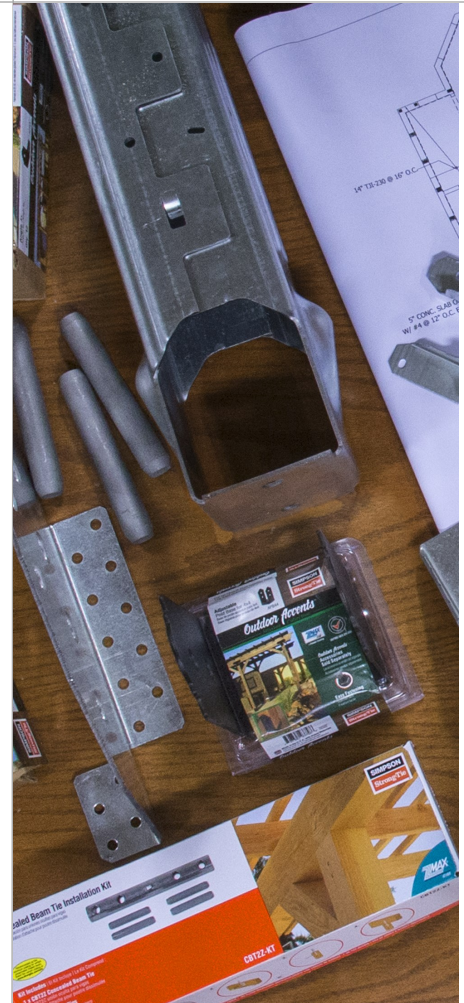

We will discuss common construction practices, code information, new products, corrosion concerns, and effective field and design solutions.

The evolution of lateral systems will be demonstrated through the many new products and solutions available such as the Strong-Wall® Wood and Steel Shearwalls and Strong Frame® Moment Frames.

In addition to class discussion, we will have hands-on demonstrations of our fasteners and concrete anchor systems with structural solutions.

Registration: To register for this workshop online or to find more course listings, please visit www.strongtie.com/workshops.

For questions, please call our toll free 800-999-5099 – Ext. 1055 or e-mail Greta Pulliam-Allen at gpulliam-allen@strongtie.com.
