

PPP #1081

2017 Half-Day Seminar

Significant Changes to the 2016 California Plumbing and Mechanical Codes

Tuesday, February 14, 2017

8:00 a.m. to 11:30 a.m. OR 1:00 p.m. to 4:30 p.m.

Lucchesi Community Center, 320 North McDowell Blvd., Petaluma, CA 94954

Synopsis: These codes go into effect on January 1, 2017. Review the changes from the last edition to the current edition of the California Plumbing and Mechanical Codes. The background behind many of the changes will be discussed to provide the participant with an understanding of the intent of the changes and how to apply it to their everyday work. Learn more about how products and materials are tested to the required standards; the methods available for confirming code compliance, and key information on what to look for while enforcing the code. Please bring your code book. A copy of the presentation will be available to those attending. LUIHSW units are available as Learning Units for AIA. This class is taught by an ICC Preferred Provider.

Instructors:

John LaTorra is currently a Regional Manager for CSG Consultants. He recently retired from the City of Redwood City where he was the Building and Inspection Manager. John chaired the Drafting, Public Hearing and Code Development Committees for the first International Codes and the International Plumbing Code. John has over 42 years of experience with municipal inspections and building codes and has been an instructor with a community college, state university and chapters for more than 38 years on building, energy, solar, mechanical and plumbing subjects. Mr. LaTorra is a former board member with ICC, ICBO and IAPMO and is able to instruct on a wide range of subjects related to the IBC, IRC, UPC, UMC, IMC and IPC.
